

Guaranteed Admission to College; a New Opportunity for CSS Graduates

Schools build opportunity; some more than others. The Colorado Springs School's strong college admission record, AP test score results, and record for earned merit-based aid and scholarships are just a few of the ways that we build opportunity for young people. We are happy to announce that CSS now has yet another strategy for building opportunity for our students.

In an unprecedented step, CSS and [The University of Colorado at Colorado Springs \(UCCS\)](#) have developed a guaranteed admissions agreement. This innovative agreement allows a CSS student who has successfully completed at least his/her last three years at CSS and graduates with a GPA of 3.0 or higher will be automatically granted admission as a full-time, degree seeking, freshman at UCCS.

This means that students have an “ace in the hole” when it comes to college. Whatever direction a student’s plans may take, they know that they can attend an affordable university nearby -- with some of the strongest programs in the country in business innovation, engineering, and nursing, in particular.
